

Our priority topics 2023–25

Support for people living with Long Covid

Children and young people's health services

Palliative and end of life care services

A neighbourhood view of health and care

Equity:

In all our work we put extra focus on the experiences of those with the poorest health outcomes

Our #SpeakUp projects 2023–24

#SpeakUp

Saalik Youth Project:

young Muslims accessing care in Burngreave

Parson Cross Forum:

local health and care services for older people

SAVTE:

accessing care with English as a second language

Space to Breathe:

GP access for mental health support

What else is in our workplan?

Providing a high quality **information and advice service** – including developing information resources, and actively highlighting issues coming through enquiries, eg dentistry and GPs

Developing and strengthening our ways of working in the health and care system in **South Yorkshire and Sheffield** – including collaborative work with other South Yorkshire Healthwatch

Facilitating the **public and patient involvement group** for the Sheffield Health and Care Partnership

Working with our **community partners** to amplify more people's views and experiences

Following up on recommendations we made in 2022–23

Leaving space to be responsive to new issues and opportunities arising
